

THE NUTS AND BOLTS OF RUNNING A NONPROFIT

A Four-Part Breakfast Series focusing on running,
maintaining and improving productivity in Nonprofit
Organizations.

March 18th, 2009, 8-10am

Nuts and Bolts of Sustaining Programs Through Mergers & Collaborations

Presented by

Barbara Krasne and Judith Plows from KrasnePlows

Many nonprofit leaders face tough choices in today's economy, particularly as they wrestle with the question of how to maintain quality programs while resources dry up. Merging or another type of strategic partnership might be the answer. This session will clarify the range of alternatives available.

It will provide decision criteria to help executives determine whether a partnership strategy is a viable option for their organization and if so, which option has the greatest likelihood of success.

Hosted by
